PROFESSIONAL MENTORING & SUPERVISION
for Speech Pathologists

speech pathology TASMANIA

Build clinical confidence. Strengthen & expand your knowledge.

Access one-on-one professional mentoring from experienced speech pathologists and specialist practitioners with extensive clinical expertise across a broad range of practice areas. Mentoring provides a valuable opportunity to discuss cases, strengthen clinical reasoning, develop specialist skills, reflect on practice and build confidence in a supportive professional environment.

Sessions are tailored to your professional goals and may include case discussion, clinical problem-solving, intervention planning, evidence-informed practice and professional reflection.

Mentoring may include:

- **Literacy & Dyslexia** – literacy development, structured literacy, the Orton-Gillingham Language Approach and evidence-informed intervention.
- **Speech, Language & Communication** – develop advanced clinical skills in assessment, differential diagnosis, clinical reasoning and evidence-based intervention.
- **Dysphagia & Mealtime Management** – case consultation and evidence-informed approaches to assessment and management.
- **Voice, Accent Modification & Bilingualism** – building knowledge and clinical skills in specialist practice areas.
- **Inclusive & Trauma-Informed Practice** – responsive approaches for diverse clients, families and communities.
- **Complex Case Analysis, Assessment & Report Writing** – build confidence in analysing complex cases, selecting and interpreting appropriate assessments, and developing clear, evidence-informed clinical reports.

Learn from experienced speech pathology mentors with extensive clinical expertise and specialist knowledge, who will **broaden your skills, challenge your clinical thinking and support your ongoing professional growth.**
