Rule Sheet - but

Joining words

We use joining words when we want to link two ideas together.
It helps our sentences sound better. They are not so short and choppy.

but

But links two sentences that have different feelings. But links two sentences that have different information about the same topic. We can use but when we want to say how something is different from something else.

I am happy, but I am tired.

Today is my birthday but my party is on the weekend.
