APPROACH

*"Great session. Very practical.
The facilitator gave many examples on
how to implement the approach.
Concrete resources are really handy
too. Thankyou."*

Teacher

Advanced Morphology Training

1 Day

A practical, one-day workshop that deepens your structured literacy practice by teaching how to explicitly and effectively use morphology to support reading, spelling, and vocabulary development.

Designed to build strong, structured literacy instruction for SLD, dyslexia and students struggling with reading and spelling.

This training is for educators ready to extend their structured literacy practice by teaching word parts; prefixes, suffixes, and roots, to strengthen spelling, vocabulary, and reading comprehension.

10 August 2026 | Hobart

Give your students the tools to decode, spell and understand complex words with confidence.
